## Att: To Whom it May Concern

Dear Madam / Sir,

### GLENHOVE CORNER DEVELOPMENT - MELROSE ESTATE - DEMOLITION, EARTHWORKS AND PILING DEMOLITION CONTRACT - WRECKERS DISMANTLING CAPE

I confirm that Wreckers Dismantling (Cape) was appointed by ECHO Project Management Services on the 4<sup>th</sup> of December 2017 as a selected sub-contractor under Terra Strata Construction to perform the demolition of the existing QuickBooks Office & the (substantial) brick boundary wall. Wreckers also erected of the temporary hoarding for the project.

Activities included the removal and demolishing of the roof structure, slate tiles and wooden roof trusses, shell structure of the old two storey house / office, paving bricks and brick boundary walls.

Wreckers performed very well under a tight programme, despite the fact that access for the demolition works was granted later than anticipated (11<sup>th</sup> December 2018). ~They accelerated and ensured that the site was handed over to the earthworks contractor within programme on 1<sup>st</sup> February 2018, without any delay.

It was a pleasure working with Wreckers (again) as their team is highly experienced and required minimal management. I would certainly make use of their services in the future.

Should you require any further information, please do not hesitate to contact the undersigned.

Yours faithfully,

J.S. Nell  
Managing Director
